Features

AIROFORM MEMORY MEDIUM IMMERSION INTERFACE LAYER

- ✓ Visco-elastic cell structure provides low-shear surface, effective immersion and interface pressure relief
- ✓ Provides exceptional comfort
- ✓ Delivers postural support for patient repositioning and transfer

PREMIUM POSTURAL SUPPORT SECONDARY LAYER

- ✓ Graded support and patient comfort in supine, prone, lateral and fowler positions
- ✓ Excellent core stability to encourage centralised patient positioning
- ✓ Provides protection against 'bottoming-out' during transfer, repositioning and whilst in the inclined/fowler position
- ✓ Graded for ultimate patient support to minimise falls risk, entrapment and enhance pressure relief

TRIPLE SECTION, SPLIT FOUNDATION LAYER

- ✓ Enhances profiling with adjustable bed surface positions minimising excess strain on bed mechanisms

GRADED FIRM FOUNDATION LAYER

- ✓ Provides protection against 'bottoming-out' during transfer, repositioning and whilst in the inclined/fowler position

INTEGRATED STRENGTHENED SIDES

- ✓ Increase lateral stability of support surface
- ✓ Improves patient safety
- ✓ Make patient transfers easier
- ✓ Unique hinge profile reduces foam fatigue

Features

Advantiflex Classic Pressure Care Cover

Belgium made polyurethane coated upper and heavy duty PVC Base ensures that Forté Advantiflex Covers deliver consistent care, comfort and durability. Utilising premium quality medical grade fabrics, Forté Combination Covers are a tried and proven medical grade Pressure Relieving Cover.

Premiflex Classic Pressure Care Cover

Forté Premiflex Classic Covers provide outstanding infection control, hygiene and high performance within the Acute Care Setting. Manufactured with a High-Quality Belgium Halogen Free Polyurethane 4-Way Stretch, Moisture Vapour Permeable Anti-Shearing Interface Material, the Premiflex Cover is an effective Pressure Injury risk mitigation mattress cover.

Premiflex Ultra Pressure Care Cover

Forté Premiflex Ultra Covers provide the ultimate protection and performance for mattresses in an acute care setting. Superior pressure injury protection is achieved through 4-way stretch non-hammocking and anti-shearing characteristics, Premiflex Ultra Covers have a durable double coated polyurethane base that is moisture vapour permeable allowing foam longevity by allowing the core to breath.

HIGH FREQUENCY SEALED AND WELDED SEAMS

- ✓ Electromagnetically fused seams protecting against risk of penetration of fluid
- ✓ Meets and exceeds infection control requirements
- ✓ Reinforced with additional heavy duty stitching at stress points
- ✓ 100% sealed to prevent ingress of fluid or infection

INTEGRATED ZIPPER

- ✓ Allows easy cover removal
- ✓ Robust and durable
- ✓ High frequency welded attachment for optimal protection against fluid ingress

WATERFALL ZIPPER PROTECTION FLAP

- ✓ Protects against fluid ingress at point of zipper
- ✓ Meets infection control guidelines
